Ensuring quality and efficiency in divorce solutions

Our firm's goal is to help you through one of the most difficult times in your life. We want this done as quickly, efficiently, and accurately as possible. While efficiency and cost are priorities, our firm makes sure your divorce is done correctly. Our firm is reputable, experienced, and provides comprehensive divorce solutions.

Reputable and experienced divorce attorneys at your service

We are not a low-budget document preparation service. Kate and Chris have encountered too many situations where "doc prep" services financially destroy marital estates and orders are entered that are irreversible. Many times, it's to the detriment of both parties. You've likely seen the advertisements that promise your "Divorce Paperwork Completed for $200." These document preparation services are frequently operated by people without a law degree or bar certification – they are not admitted to practice law.

Protect your interests and save money in the long run

Do not make the mistake of hiring non-lawyers to deal with your legal problems. It will cost you more in the long run to resolve substandard divorce filings.

Don't put your trust in unqualified doc services
